The installation process

Here's what you can expect when you work with us:

- Professional measurement of your existing windows and doors
- A complete project quote
- A convenient window installation schedule
- The protection of Marvin's warranty

We're proud to offer special services to help expedite your installation.

FAQs

Q. Do I have to take down curtains and window treatments?

A. In order to be as efficient as possible, it is important that you remove all window treatments and valuables the day prior to the start of your installation.

Q. How long will it take for my windows to be installed?

A. We can provide you with an approximate delivery date for your Marvin windows and doors (about four weeks on average), and will work with you to create a project timeline for installation that fits your schedule.

If you have any questions, please don't hesitate to give us a call.

Why we partner with Marvin® Windows and Doors

As a Marvin Authorized Installing Retailer, we are your local window and door installation expert. We work very closely with Marvin to offer you the right window and door replacement options and to ensure they are professionally installed, giving you complete satisfaction and long-lasting value.

For over 100 years, Marvin has stood for quality, integrity, and excellence. Family owned and operated, Marvin is sustained by strong bonds to its employees, the communities in which it operates, and the local retailers who deliver this brand promise to you.

Our shared value:

- Supporting local companies, not national chains
- Providing quality products that add value and comfort without sacrificing beauty and functionality
- Ability to deliver best possible solutions to meet your most challenging window and door projects
- Emphasis on professional, courteous, timely service and response to your needs

The Difference is... Excellence. Expertise. Experience.

Excellence:

Marvin's wide range of windows and doors are:

- Designed to match an extensive array of architectural styles and budget requirements
- Made to your exact specifications
- Substantially stronger and built to last. Marvin's exterior aluminum clad meets the toughest standard (AAMA 2605-05) to resist fading and chalking.

Expertise:

As a Marvin Authorized Installing Retailer we will guide you through every step of the window replacement process from explaining your options and helping you select the right product for your home, to taking exact measurements and installing your windows and doors.

Experience:

Our replacement experts will provide you with a no-hassle, worry-free, professional experience. You can trust us to provide you with the service and complete satisfaction you expect.

Energy Efficiency

ASK ABOUT ENERGY STAR

Windows and doors are key to your home's comfort and energy efficiency.

- Outdated or failing windows make your home drafty and uncomfortable
- In cold climates, old windows can leak or block the sun's warm rays - forcing your heating system to work harder
- In warm climates, poorly performing windows let cool air escape and fail to reflect outdoor heat

As a leader in the production of energy-efficient windows and doors, Marvin offers more than 150,000 options that are ENERGY STAR® rated. With new glass and coating options coupled with innovative designs, the Marvin products we install are more energy efficient than ever before. We'll help you select the windows and doors that are best suited for the climate and your unique project.
